Subject: Work Performance of AXA POWER Ground Power Unit

Dear Sir/Madam,

We are pleased to inform you that from June 2009, 3 sets of 28 VDC AXA 2200 Ground Power Units are installed on our most humid (up to 100%), warm (up to 46 Degree Centigrade) and Corrosive Gaseous Oil & Gas Platforms in Persian Gulf area, Besides the difficult climate conditions - AXA units are working well.

We thank you for state of the art equipment.

Best Regards,

Pars Oil & Gas Company – Operation
